SUBJECT: Proposal for System 4 Test Program

TO: Contracting Officer

Reference letter dated 16 June 1958, CMCC Doc. No. 151X5.1147, with enclosures which contained the contractor's proposed statement of work, delivery schedule, and cost estimate for the unit and system environmental testing and flight testing of System 4.

25X1A

It is requested that the contractor be authorized under Contract No. [REDACTED] to perform the test program outlined for Customer No. 3 in the above letter. The estimated cost for this work is [REDACTED] plus the fee at [REDACTED] total cost: [REDACTED]. If insufficient funds remain on the contract, request that necessary funding action be taken to cover this work.

25X1A

25X1A

The contractor's recommended test program applies to all units being delivered to FOG. However, depending upon the outcome of the tests for No. 104 and 105, it may not be necessary to perform the system environmental test on subsequent units. Please request the contractor to advise this office of the results of the system environmental test on No. 104 and 105 so that a determination can be made as to the requirement for continuing this test on No. 106 and 107.
